

IEEE 802.1 (Unofficial) VLAN Meeting (\*\*96/012)  
Milpitas Sheritan, Milpitas Ca.  
January 24, 25, 1996 (Revised 2/1/96)  
(Revised with Document Numbers and Corrections)

Because this was an unofficial meeting, the "minutes" of this meeting will only be a series of files with the presentations made at the group meetings, and the results of the "sub-group" meetings.

These files represent my own notes and files and notes from others. Every effort was made to be accurate. If there are any (substantive) errors, please bring it to my attention. PARTICULARLY, please let me know if I transcribed any names or addresses incorrectly to the file with the attendance listing.

A list of the presentations and notes follows, this information is also available in the file:

\*\*\* 9601indx.txt. \*\*\*

Rosemary V. Slager (rvslager@vnet.ibm.com)

Presentations:

---An Architectural Framework for VLAN Standardization in IEEE 802,  
Floyd Backes, 3COM

The hand out (paper) is document: 96/009 .

There are notes from this presentation, ( 960124ab.txt)

---An Efficient Frame-Tagging Format for VLANs

(John Wakerly, ALANTEC)

There was a hand-out.

A post script version (document:96/010) is to be posted on the server

( VLANtag.ps = d96 \ n010.ps )

---Forwarding Methods for VLAN-Tagged Frames in a Bridged LAN

(John Wakerly, ALANTEC)

There was a hand-out.

A post script version is to be posted on the server

( VLANfwd.ps = d96 \ n011.ps )

(and a paper has been promised, \*\*\* VLANpaper.ps ... )

---Presentation: Implicit vs. Explicit VLAN Frame Tagging

(Norman Finn, Cisco)

There was a hand-out, notes were sent to the exploder,

There is the presentation and text. \*\*\* d96/n005.txt, d96/n004.txt

---Presentation: External and Internal Addressing in Explicit Tags

(Norman Finn, Cisco)

There was a hand-out, notes were sent to the exploder,

There is the presentation and text. \*\*\* d96/n006.txt, d96/n007.txt

Summary of Presentations:

p8021/d96/n004.txt (11.6K) Implicit vs. Explicit VLAN Frame Tagging

p8021/d96/n005.txt (4.6K) Slides for Implicit vs. Explicit VLAN Fr...

p8021/d96/n006.txt (3.8K) Slides for External and Internal Addresses...

p8021/d96/n007.txt (7.5K) External and Internal Addresses in Expli...
